TUESDAY EVENING, OCT. 21, 1919.

WHY NOT BE FRANK AND FAIR!

The phantom organ of the Phantom Chasers rather reluctantly and very lamely explains its designation of W. L. Wright as a "phantom," by saying that it was "a clerical error."

Why not be equally frank and fair to other citizens who are no advertisers in its columns and make the same admission?

Why not be equally frank and fair to the whole public and admit that of the whole so-called "phantom" list, has resulted from precisely the same cause as in the case of Mr. Wright and others, as stated by The Courier yesterday, to-wit: That the discrepancies are due to duplication or errors in spelling names, errors in transcribing names, removal of persons to new addresses, death and other causes.

And finally, why not be frank and fair enough to admit that the manufacture of political capital is the sole motive prompting the revival of "phantom chasing?"

REVOLUTION NEVER ARBITRABLE

There has never been much doubt in the public mind as to the exact nature of the so-called steel strike. Instead of being inaugurated as a means to bring about an increase in wages, or the correction of bad conditions, it has in reality been designed as the entering wedge by which the radical element seeks to bring about an "industrial revolution." Proof of this has been supplied by the strike leaders and those associated with them in the hearings before the Senate committee which is investigating the strike. None of these witnesses have been franker or bolder in stating that the organizers of the strike planned an industrial soviet in the Pittsburgh district than Joseph Margolis, the attorney for the Industrial Workers of the World, who styles himself a "Synthetic anarchist."

In his testimony he declared his disbelief in God; asserted that organized government is unnecessary and announced his acceptance of non-resistance as preferable to war, even avowing that he could not resist the action of a marauder who wanted to take his coat or assault his wife or children. At the same time he calmly revealed the purpose of the committee conducting the strike to establish soviet headquarters in Pittsburgh. He asserted that Secretary Foster of the strike committee had sought to keep the radical element behind the steel strike and that a conference had been held prior to the inauguration of the strike at which Foster, the I. W. W. anarchists and syndicalists agreed to join issues in support of the strike.

With such evidence as this, and other that has been presented, as to the true character of the strike, there is little wonder that the public and capital groups at the Industrial Conference are disinclined to even consider, much less accept, President Coolidge's proposal that the steel strike be arbitrated.

Revolution against the established order in the United States has never been an arbitrable question, and will not be made so now. Moreover, the strike has failed, as it was doomed from the beginning, because of its unrighteous inception and purpose.

It all accounts to me for residents in the near vicinity of "Hillcrest" on the northeastern outskirts of the city, would smell this newly adopted title in a different way.

Well-the Barefooters recognize a "phantom" if they suddenly came face to face with one. Aver'true to the vicinity of the postoffice or the Fair annex?

The men who shoot themselves after killing their wives begin at the wrong end of the program.

The local New Freedoms can remove all cause for worry about the phantom at election time by simply importing some election offices from Georges' township. Then they can demonstrate their power to summon even the dead to life for voting purposes. Quite probable, indeed, will it be for them to make the phantoms assume tangible form for the same purpose, provided the assurance is forthcoming that their votes will be required for Democratic candidates.

While Attorney General Palmer has been thinking deeply on the question of lifting wartime prohibition the agents of his department who were to exercise vigilance without strict or limit against the 18th amendment, do seem to have had reason with keeping illness.

Apparently all the Barefooters now trying to qualify as undertakers is a course in embalming.

There is a certain affidavit on file in the office of the Barefooters, which

habited contemporary has yet made no reference as being helpful or necessary in the present propaganda campaign of the personal organs notwithstanding certain members of the staff will admit that this written instrument is a real lulu among human documents.

The shortage of sugar is now blamed on the extensive use of it in making candies, soft drinks and other luxuries. But is it not a luxury even as a necessity?

"The flowery statement" to the use of which our plumbette contentedly nods, is nothing more than good press. It has taken the flour, or dust, out of the eyes of those persons who had been fooled into believing that the "peculiar purgers" had fastened a deep-dyed and villainous selection not on some of the city's most reputable citizens.

How the Industrial Millennium Will Come

From Pittsburg Labor Tribune.

In 1920 the Plasterers' Union gained their victory, the five-hour day.

In 1922 the bricklayers, after doing no work for six months, during which their wives took in washing, won the four-hour day.

In 1923 the Pavers' and Ramblers' Union achieved the three-hour day.

In 1924 the Affiliated Union of Hod-Carriers and Walkers landed the two-hour day.

In 1925 the unions of carpenters, joiners, barbers, surgeons, butchers, motormen, ball players, paperhangers, school children, brailemen, plumbers, burglars, mule-drivers, caddies, charpentiers and clergymen obtained the one-hour day. All the other unions sympathetically adopted the same working period.

In 1926 the universal convention of organized labor met at the new world capital, Wilkes-Barre, District of Democracy, to consider the ominous question, "What Next?" "Brethren," said the chairman, "we seem to be up against it. What can follow the one-hour day? There is nothing left to conquer. Our occupation as walking and talking oriegates is gone."

"Not so," responded the gentlemen from Bolshevikia. "we have not yet reached the limit. Hitherto we have been agitating for shorter hours for labor, but all we've gained has been fewer hours. The hours are as long as they ever were. From now on let our slogan be: 'A shorter hour for labor.'

In 1927 organized labor secured the 30-minute hour, with time-and-a-half for overtime and 15 minutes for lunch.

All was moving smoothly when Fosterian with his "Daily Warfare of Syndicalism" threw a monkey wrench into the machinery and a righthand advocate of sabotage leaping to his feet thundered his blasphemous tirade against the "capitalistic press" and just for spite the remainder of the time will be spent in a holiday.

SCHOOL CONDITIONS

In Perry Township Should Be Remedied, Says One of the Auditors. (Communicated.)

If ever in the township's history she stood in need of careful consideration in the selection of school directors, it is in the coming election, as the conditions now existing have never been equaled, and the writer has been a resident and taxpayer for more than 35 years.

In the year 1917, the tax levy was 10 mills, considered a most burdensome tax, and the selection of five school directors was made in that year. On organizing the new board the levy, with the indebtedness of \$1,000,000, was increased to 15 mills, and the selection of five school directors was made again. For collecting the school tax was increased from three per cent to five per cent. The secretary's salary was increased to three times the former amount, it then being the highest ever paid in the history of the township. While the collection of the school tax is the same, the indebtedness has increased from \$1,000,000 on July 1, 1917, to \$18,000,000 at present.

But when conditions are as they are, and political debts have been held over, it would be reasonable to expect two years more of commission for collecting the school tax in the same district, the indebtedness has increased from \$1,000,000 on July 1, 1917, to

\$18,000,000 at present.

But when conditions are as they are, and political debts have been held over, it would be reasonable to expect two years more of commission for collecting the school tax in the same district, the indebtedness has increased from \$1,000,000 on July 1, 1917, to

\$18,000,000 at present.

Along the greater advances in the work of the board is the importation of outside teachers. In some instances where the district unanimously asked the return of their former teacher she was refused a school in the township. Other instances are of two married men, each having a son, and many successful teachers having years of experience, both of whom have been refused a school and other teachers, unknown to the township, given places.

Although vacancies still exist, these are still refused schools. Both are resident property holders.

The school committee has reached such a stand that it is surely time to act carefully in our selection, as already one director chosen to fill a vacancy, is the selection of the present board head.

It matters little to a new taxpayer whose increase in tax by four mills is very little, but it does mean to increase the cost of the taxes to the taxpayers in the township, who now pay over \$3,000,000. It surely means much.

The only remedy we can apply is our selection of men of standing and character, who have judgment and are careful of their reputation as citizens.

We feel our duty to inform the public of existing conditions knowing the voters are already much in the November election.

Hypocrisy of the New Freedom

From Uniontown Herald. The organ of the New Freedom says that everything it "has said in condemnation of the disclosures in the First ward it tolerates about the disclosures in Georges or any other township."

Yes, indeed, yes, indeed! Of course you noticed how unspuriously it branded the Swaneys for such a scandal in one of their strongholds? Of course you noticed that the abusive terms which it has heaped and continues to heap upon the Republicans are being applied to the Democratic workers in Georges? Neither did we.

What a striking example this affords of the utter hypocrisy of this polluted organ which is forever damning Republicans, because they are Republicans.

To elect any of the candidates on its ticket, it is necessary to try to win over as many Republican votes as possible. The New Freedom intelligence bureau knew this full well in beginning the campaign. The only way Democrats get anything in this county is to have it given to them. And they are continually crying for something. If they have it given to them they immediately begin to boast "See what we won." Every factor extended to them is converted into a club with which to beat their benefactors. It is important that Republicans refresh their memories as they now hear the old familiar pleas of just a vote for this Democrat because of friendship, or a vote for some other Democrat, to help make his vote look respectable. The sympathy racket is again abroad in the county and of course here's a Democrat who is really a "good fellow" and one competitive. The Republican ticket as a whole will never miss it. Oh, of course not! And so it goes.

And while these campaign "arguments" are being used quietly by the Democratic candidates as they go from voter to voter, their organ day after day continues its hypocritical campaign, abusing and vilifying the Republican party whose members are being asked to help some Democrat. And for what reason? To give the Democratic leaders more power so that they in turn will be better able to persecute and embarrass those who cross their path.

The oracle has been harping day after day about decency and purity. It has tried to fool the people into believing that the Republican party has a monopoly on racials. It has labored feverishly to prove that in order to usher in the political millennium in this country it is necessary to put Democrats in office. It has manufactured propaganda by the pageful to create the impression that the purity of the ballot box, and the cause of decency are to be served only by turning the reins of authority over to the Democrats. The Georges township hearing has completely wrecked what remaining hopes the Democratic leaders had of electing any portion of their ticket. For the Georges township case reveals how Democratic bosses do not practice what they preach and what a joke they consider the virtues of which their organ so hypocritically rants and raves.

The camouflage has been torn from the New Freedom position. Its inconsistency stands out in bold relief. The real regard which it has for the principles which it so loudly proclaims is now apparent. No wonder the Democratic chieftains are resorting to desperate tactics in the closing days of the campaign.

WHAT'S WRAPPED UP IN A LITTLE BOY?

What's wrapped up in a little boy!

All that makes for a father's joy;

The pride that shall shine in a dimming eye;

And an old man's peace in the sky and by;

Strength, perhaps for the manly deeds

That we live in so rarely;

Faith in the black, dark hours of test;

Courage in trial to do his best;

What parades of splendor shall time

Untie;

For a little boy as the years go by?

There is the baby that rides your knee;

When the stars come out is the man-

to-be;

Wrapped in packages, O so small;

That you see them not, are the virtues

all;

Deep in his breast lie the future years;

With your happy days and your nights

of tears;

Then's the def: mothers shall break the

String round my acomf that he shall

Bring;

Do you dream of an age that shall glow

With joy?

Then it's all wrapped up in your little boy.

There are hours he's bringing when

you shall sigh;

And your heart shall ache, in the by

and by;

Though he's O so young and he's frail

There are glorious words for his lips

to speak;

There are splendid deeds for his hands

to do;

And parcels of pride which he's

bringing you.

Do you think at night as you stroke

His hair?

He's a little now, but can't you see

A hint of the man that shall some day

be?

And don't you know that your every

Joy is now wrapped up in your little boy?

Is now wrapped up in your little boy?

MOUNT PLEASANT BUTCHER EXPLAINS WHY MEAT IS HIGH

Declares Lard Could be Sold at 25 Cents a Pound and a Good Profit Made.

HE CHARGES BIG PROFITEERING

Says He Knows of \$25 Profit Being Made Out of a Calf and \$50 Out of a Poor Cow; Nick Malley, 29, Injured When Thrown from His Motorcycle.

Special to The Courier.

MOUNT PLEASANT, Oct. 20.—Nick Malley, aged 29 years, while riding a motorcycle Sunday afternoon, ran into an automobile and was thrown from his machine, suffering a broken jaw and lacerations of the face. His home is in Yukon.

Why Meat is High.

Yesterday a man, who years ago was one of the best butchers in this community, dropped in the store just to tell what he thought really caused the high cost of living. He stated that when he kept a meat market lard sold at 10 cents a pound by the can and two pounds for a quarter over the counter; that he had kept 4,000 pounds of lard over an entire summer to get his money out of it; that he had sold sausage at two pounds for 25 cents and made a fair profit and now it retails for 40 cents a pound. He declared that farmers are getting 15 cents a pound for pork on foot. That means it will cost the man until he gets it butchered 16½ cents a pound, and all above that the pork is sold for a clear profit. He said that if he could conduct a meat market again, he would be rich. That is where he figures profiteering is coming in. He further stated that lard could be sold at 25 cents a pound with a good profit; and that when men buy meat dressed it is the man who has charge of the slaughter shop making the money. He declared that he knew as much as \$25 to be made on a calf and \$50 or a poor cow.

A WOMAN'S BACK

The Advice of This Connellsville Woman is of Certain Value.

Many a woman's back has many aches and pains.

Our note to the kidneys fail.

That's why Doan's Kidney Pills are effective.

Ask your neighbor!

Many Connellsville women know this.

Read what one has to say about it:

Mr. W. H. Powell, 505 McFarlane Ave., says: "At times I have had attacks of kidney complaint. My kidneys would become disorderly and would act very irascibly, causing me a great deal of trouble. I would feel generally run down and out of sorts and wouldn't have any ambition to do anything. At these times I always used Doan's Kidney Pills and they would regulate my kidneys and improve my condition greatly. I can endorse the merits of Doan's Kidney Pills highly."

Please see, at all dealers. Don't simply ask for kidney remedy—get Doan's Kidney Pills—the same that Mrs. Powell had. Foster-Milburn Co., Miss. Buffalo, N. Y.—Adv.

Begy's Mustarine For Sore Throat And Chest Colds

Just rub on Begy's Mustarine if you want to get rid of a cold in the head, bronchitis, pleurisy, or sore throat in double quick time. It can't blister and you can get a big yellow box of this original, real in instant relief improvement at a very small price.

A box is equal to 50 blistering mustard plasters and with it you can stop bronchitis, pleurisy, and asthma in 10 minutes. Prescribed by doctors for 19 years. Nothing so quick and effective—end rheumatic pains, neuritis, neuralgia and lumbago.

Be sure it's Begy's Mustarine—the original in the yellow box. The generic name is Mustarine and one-half box costs as much as the 70-cent box. It's ideal for children and trusted for many years. If it isn't by far the best mustard preparation on the market.

MUSTARINE
CANNOT BUSTER

WANTS BODIES RETURNED

Congressman Crago Introduces Bill to That End.

WASHINGTON, Oct. 20.—A bill has been introduced in the House by Representative T. S. Crago, of Pennsylvania, providing for the return to this country of all American soldiers, sailors and marines who are buried in France. An appropriation of \$5,000,000 is carried in the bill to meet the expense of the transfer. As a member of the committee on military affairs, Mr. Crago will urge action on the bill and endeavor to secure its passage promptly.

There has been a difference of opinion as to the advisability of bringing home the bodies of the men who made the supreme sacrifice in the war, but the pressure exerted by their friends and relatives has become so great that there seems little doubt that it will eventually be done.

Secretary of War Baker made the distinct promise during the war that every man who fell on foreign soil would be returned to a final resting place in America. The French government for practical reasons objected to the transfer at once, but it is understood that an arrangement has been made under which it can be done. Many parents have offered to bear the expense of bringing home the bodies of their sons if the War Department would attend to it.

"80 YEARS YOUNG," SAYS MRS. WOLFF

"At eighty I feel just as spry and active as I did 15 years ago," said Mrs. M. J. Wolff, 2300 W. Montgomery avenue, Philadelphia. "Until recently, however, I was beginning to show up, due to nervous debility and a run-down system. I lost my appetite, food didn't taste right any longer, I couldn't sleep peacefully. A neighbor urged me to take Dr. Caldwell's Syrup Peppermint, saying my food digested better. I should." Taniac also quipped, "no nerves." Taniac is a boon to the aged debility, which is so common among old and young. wears the victim away as it gathers force and nourishes itself upon your very life blood. Taniac acts like a magnet, drawing back the sluggish, sour digestion, giving vitality and drives away that fatigued dependent feeling so quickly that it actually astounds you. How to Keep Baby Smiling and Well

See that the daily functions are regular and normal

You can't expect the little ones to be happy and playful when the head feels dull and the stomach bloated. The normal habit of children is to be happy and when you notice them cross and fretful you will usually find constipation is responsible.

Perhaps they have missed that daily function so necessary to comfort and health. Look at the tongue and see if the breath is bad. Watch for belching. These are the tell-tale symptoms of constipation. Tonight give a little of Dr. Caldwell's Syrup Peppermint, which you can buy at any drug store for 50¢ and \$1 a large bottle, and it will act in the morning and the troublesome symptoms promptly disappear.

Dr. Caldwell's Syrup Peppermint is a combination of simple laxative herbs with peppermint. Unlike the harder physics it acts gently and without going so that while grownups can eat it freely, it can also be given to a tiny baby with perfect safety.

Thousands of American families would

not think of being without a bottle the hours for the emergency arises almost daily when it is needed.

In spite of the fact that Dr. Caldwell's Syrup Peppermint is the largest selling laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address to a friend and write to Dr. W. B. Caldwell, 211 Washington St., Monticello, Illinois.

Governor's Aid Sought.
Former President Speaks on Nations League in German Township.

Former President William Howard Taft paid a visit to Fayette county Saturday, delivering an address at the German township high school in which he championed the League of Nations.

Preceding the address the former president was guest at a dinner at Masontown, with C. H. Harbison, Dr. M. H. Cloud, Charles McCann, George P. Hoover, Harry Gray, Robert Hoover and Dr. George W. Neff composing the other members of the party. Senator W. H. Cray introduced the speaker at the high school. Mr. Taft appeared as a special feature in the high school lecture course.

Mr. Taft made no effort to set up the League covenant as a perfect document, its imperfections being admitted.

It is, he said, a step forward in the movement for a society of nations.

Speeding up of production was given by the former president as the solution of the high cost of living problem. Greater production, he said, would force profiteers to sell lowered stocks or lose heavily on them.

At the Theatres

THE PARAMOUNT.

"OVER THE GARDEN WALL"—A Vitagraph production, featuring Bebe Love, the delightful screen star, in an interesting role, is being shown today. This film was adapted by Sam Taylor from the story of Millicent Evans. It is one of those love, love stories.

Miss Love portrays a character full of energy, and vivacity, and the ability to meet problems and down them. She appears as a girl who just naturally does the right thing at the right time and possesses supreme contempt for the weaklings in this life.

"Over the Garden Wall" will project a refreshing message of self help and resourcefulness to many a young woman confronted by melancholy situations. One of the biggest things the girl does is choose the man she will fall in love with.

To do this she is compelled to discard a fiance who has fallen short, who has been tried and found wanting. Miss Love, as Peggy Gordon in this picture, is really and truly the girl who goes at life with her sleeves rolled up.

A selected comedy is also being shown.

THE SOISSON.

"THE HUSHED HOUR"—With Blanche Sweet, supported by an all-star cast, in the leading role, is being presented today.

"The Hushed Hour" shows the resurrection of souls in the living. This is a beautiful idea, and in "The Hushed Hour" it is wonderfully interpreted and done to a nice in acting. Four grown children look upon the face of their father who has passed on. For one hour each child sits in thoughtful meditation as the biography of their life comes back in the reality of life and fits before they see their mistakes which their kindly father has warned them and advised them to avoid. When people stop to think, mistakes are easily discovered and easily corrected and new resolutions for the future are made.

The four character plays that make up the plot is the life of each one of the children, and in the case of "The Hushed Hour" the producer deserves great credit for strong contrast, in type, character, action, conflict, and episodes which are so distinct, that the genuineness of photoplay construction is quickly recognized—all four of these plays are perfect dramatic masterpieces.

Tomorrow and Thursday Pauline Frederick will be featured in "Bonds of Love."

EXPLOSION KILLS TWO

Ammonia Tanks Explode During Fire in Produce Plant.
By Associated Press.

IOWA FALLS, Ia., Oct. 20.—Two men were killed another may die and several others were more or less seriously injured following two explosions in a fire which destroyed the produce plant of Swift & Company here last yesterday afternoon.

One man was struck by a flying timber which was dislodged by an explosion and died a few hours later. A second explosion about 10 minutes later threw a piece of iron into the crowd watching the fire and killed another man.

The explosions are attributed to two ammonia tanks used in connection with the refrigerating system of the plant.

Easier Now Than Later.
It is easier to break up a cold or check a cough now than it will be later. Persistent bronchial coughs that "hang on" all winter pave the way for serious throat and lung diseases. L. W. BILIOUSNESS
Caused by
Acid-Stomach

If people who are bilious are treated according to local symptoms, they will get relief. Treatment for biliousness is obtained in usually temporary. The cause and the result are the same—the pain or relief, the cure and the disease.

Doctors say that most of those bilious diseases can be traced to acid-stomach. Biliousness is characterized by indigestion, heartburn, belching, sour stomach, flatulencies, etc. These symptoms are relieved in a day, bringing quick relief from those stomach maladies which lead to a long train of ailments that follow. EATONIC is the best treatment.

EATONIC literally absorbs and carries away the excess acid. Makes the stomach strong, cool and strong and yet they are full strength to your food. Tuesdays say this EATONIC is the most effective stomach medicine ever made. If you are bilious, try it on our money-back guarantee. At all druggists. Only 50¢ for a big box.

Army Will Attempt to Relieve Congestion Caused by Strike.
By Associated Press.

NEW YORK, Oct. 20.—Five hundred soldiers of the Regular Army were landed here today from the transport George Washington to attempt to end the congestion at the Army piers in Brooklyn caused by the longshoremen's strike. The men are under orders "to shoot if necessary," according to a statement made by Brigadier General Davison, chief of troop movement at the Port of Embarkation.

"The troops will aid in moving transports or whatever else is necessary," said General Davison.

WASHINGTON, Oct. 20.—Secretary Baker refused the request of Mayor Hylan of New York to postpone the use of troops at New York until further efforts could be made to settle the strike of longshoremen there.

Mr. Baker said maintenance of Army transport service out of New York was a part of the war operations of the government and that he intended to continue the operation of the ships. He added, however, that he was willing to cooperate with Mayor Hylan in any possible way "to bring about an adjustment of the strike difficulty."

CLEAN UP POISON SOAKED KIDNEYS ADVISES DR. CAREY

Thousands Die Every Year Because They Allow Poisonous Deposits to Accumulate in Kidneys.

Don't flush your kidneys with harsh laxatives, says Dr. Carey, they are too harsh and severely constrict to treat them rough.

For 40 years I have been prescribing Marshroot to kidney and bladder sickness and now that I have retired from active practice I have made arrangements with leading druggists to distribute this wonderful prescription at a moderate price.

Beware of kidney disease. Thousands die of it every year who ought to be enjoying the blessings of life and health.

If you have specks floating before the eyes, pain under the clavicle, feet or joints painful, bladders or otherwise you ought to get a box to Dr. Carey's Marshroot right away.

It has conquered thousands of cases of kidney and bladder disease and is the medicine you can always depend upon.

IMPORTANT.—Dr. Daniel G. Carey has been a practicing physician for many years and his great prescription, "Marshroot," has cured thousands of sufferers from kidney and bladder trouble! It is not a patent medicine and is only sold through drug stores in order to accommodate his patients. C. Roy Heitzel can supply you.—Adv.

Their Medicine Chest For 20 Years

IT is characteristic of

folks after they pass the allotted

"three score years and ten," to look

back over their past, and are

apt to feel that they have over-

lived myself, at seventy-one, frequently

drifting back a quarter of a century, when

I see myself in the little drug store I owned

and ran for 20 years, and the

old-time, well-made

vegetable compounds to my friends and

customers—what was then known only as

Dr. Lewis' Medicine for Stomach, Liver

and Bowels.

For many years while I was studying my

laxatives and cathartics on the market

and becoming convinced that those

not only did not act on the bowel,

but that their action was too violent and

destructive, and upset the system of the user,

so I began to experiment with the

use of vegetable compounds, which

almost invariably produced a habit re-

quiring augmented doses.

After experimenting with hundreds of

different compounds, I at last perfected the

one that is now known as Nature's Remedy,

which I truly believe goes furthest

and does more than any laxative on the

market to remove the constipation.

Another well-known laxative

that has been used for many years

is the so-called "Nature's Remedy,"

which is a mixture of various

herbs and roots.

It is a consoling thought, my friends, for

when I am feeling bad to know that

the old-time, well-made

vegetable compounds to my friends and

customers—what was then known only as

FAYETTE COMMITTEES FOR ROOSEVELT MEMORIAL ARE SOON TO BE MADE PUBLIC

The program of the Roosevelt Memorial association to erect and maintain memorials for the late Colonel Roosevelt has received a great impetus in the schools throughout Western Pennsylvania. The school superintendents, professors and teachers in the 20 counties of his district have signed their willingness and desire to aid the association in bringing its project to a successful conclusion. In the Beaver Valley, District Chairman H. C. Fry of Rochester has welded together a committee of the most representative citizens of that district, while in Washington County Chairman Rufus Mariner has made a committee which includes most of the more prominent admirers of the late Mr. Roosevelt, as well as a number of men who fought him politically during his life.

Congressman D. E. Heiner of Kittanning, chairman of Armstrong county, has announced he personnel of his committee in Kittanning, Washington, Freeport, Apollo, Leechburg, Ford City and other communities of that county, and their plans are completed for the campaign which opened yesterday.

In Greene County Dr. Charles Spragg is receiving great assistance from not only the leading men but former members of the 119th Infantry, a number of whom live in Waynesburg.

In Fayette and Westmoreland counties a person or the committees has not yet been named, but will be within a day or two.

Thomas H. Greer of Butler has perfected his plans for the campaign in Butler County.

In Pittsburgh the work is being carried forward and receiving great interest. Thursday afternoon Attorney C. W. Parker, well known throughout this part of the state as a naturalist and active in the work to protect birds and wild animals, spoke at two gatherings in behalf of the movement. Yesterday the Bellevue high school held a meeting at which the students were given opportunity to affiliate with the association. The fact that this is not primarily a drive for funds, but is an opportunity to every American citizen to affiliate with the association, thus demonstrating his affection and esteem for the late Colonel Roosevelt, distinguishes it from the ordinary money-raising projects, and brings to this more a dignity which no other campaign of recent time has had.

The object of the Roosevelt Memorial association, to be carried out with the cooperation of its members and with the funds subscribed by them, stated by Eliza Root, member of the National Executive Committee of the

A PITTSBURG LADY WAS RUN-DOWN DUE TO A BAD STOMACH

Mrs. A. Vogel, of 106 Holzer Street, gives credit to Ten-Herbs for restoring her health.

"An attack of indigestion or dyspepsia are in themselves the simplest ailments imaginable," said the Ten-Herbs Mgr., "but if the truth were known they would be found to be even more dangerous than some of the most terrible fevers. They may be trifling, but they are a never-failing sign that the stomach is not performing its proper functions."

"When the stomach is not properly digesting the food, there is no limit to the way afflictions can spread to every organ of the body, producing intestinal poisoning, rheumatism, liver and kidney trouble, and many other distressing ailments."

"Ten-Herbs, the famous herbal stomach remedy, is invaluable in aiding such cases. It acts almost like a miracle, purifies the blood, causes the food to digest perfectly, and puts the entire system in a strong, healthy condition, and we are daily in receipt of signed statements from well-known local people verifying this contention. Only the other day Mrs. A. Vogel, a popular Pittsburgh lady, residing at No. 106 Holzer's street, gave the following:

"I have had trouble with my stomach for the past three years, was bloated with gas, could not digest my food, had headaches and was so nervous I could not sleep; my back pained me terribly, and I got in a badly run-down condition. I would have awful distress after eating any food. Since I have taken Ten-Herbs I am feeling fine, sleep well and am able to eat my meals and digest them. I feel stronger and better in every way."

Ten-Herbs is sold in Connellsville at the Connellsville Drug Co. Store. —Adv.

The Best Cough Medicine.

"I have found Chamberlain's Cough Remedy to be the best medicine for coughs and colds I have ever used," writes Mrs. Walter Oram, Frankfort, N. Y. "I never tire of recommending it to my friends. Last winter when my son Carl, nine years of age, had an attack of croup I gave him Chamberlain's Cough Remedy and it relieved him immediately. I always keep it in the house and whenever we have used it the results have been satisfactory." —Adv.

Asserts New Discovery Brings Blessed Relief To Rose and Hay Fever Sufferers

Can Make It Yourself At Home At Trifling Expense

In spite of all the doubts and scoffers, a man in Kentucky, who changed his annoying and distressing hay fever into less than a mild cold, claims most emphatically that if taken in time hay fever can be converted or at least made as harmless as it is not even bothersome.

Dilworth's Coffees have been famous for quality for half a century. Roasted by the exclusive Dilworth process which really roasts the flavor into the coffee.

He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to disclose it through pharmaceuticals to all hay fever sufferers who still have faith that nature has provided an effective remedy for this common yet miserable disease.

And best of all this remedy costs al-

most nothing. Get a one ounce bottle of Mentholated Arsenic at any drug store, pour the contents into a pint bottle and fill the pint bottle with water that has been boiled.

Then snuff or spray each nostril three times—directed and twice sideways or spray each nostril straight.

That is all there is to it; simple that a lot of people will say that it can't do the work; but oftentimes simple remedies are the best as you will find after using.

If you will make up a pint and use it for a week or ten days you need not be surprised if your unwelcome yearly visitor fails to appear.
